Bolido Group

BRIEF

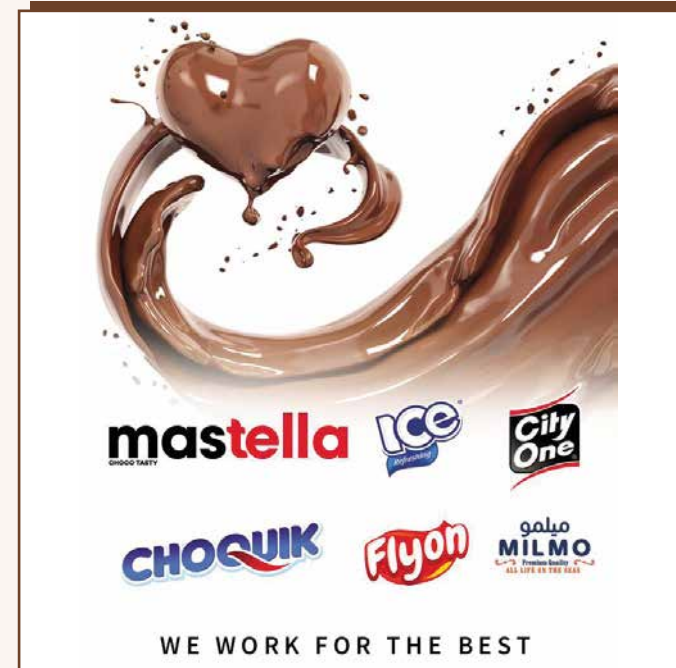

In 2005, Bolido Started Its Activities by Importing Some Raw Materials Like Coffee Creamer, Cappuccino Foamer and Whipped Topping Powder From Holland and Selling Them to Coffee Factories In Various Countries. In 2007, Bolido Entered a Partnership with A Dutch Company And Founded The Company “Bolido” Which Manufactured These Materials In Holland Under The Trademark. “Bolido”.

In 2008, Due To The High Confidence Of Bolido’s Customers In Its Products And Their Increasing Demand For Raw Cocoa Powder, Bolido Contracted With A Factory In Malaysia To Produce “Bolido” High-Quality Cocoa At A Competitive Price.

In 2009, Bolido Contracted With A Factory In India To Produce Bolido Quality Instant Coffee, And Started To Sell It To Its Customers In Various Countries. In 2012, Bolido Established Its Own Factory In Egypt To Produce Materials Used In Making Instant Hot Drinks And Instant Juice Powders To Sell It To End Consumers Through Its Wholesale And Retail Stores Channels, Dealers In Egypt, In Addition To Exporting To Other Countries.

Bolido Vision: Bolido Always Looks Forward to Reaching The Best Quality Into Delicious Taste For Both Raw And Ready—Made Materials At The Most Favorable Prices, And In Accordance With International Standards. It Also Always Has In Mind The Vision To Expand Its Products Base In Order To Cover All The Expectations Of Its Customers.

Olive Hill Foods S. A. E

BRIEF

Olive Hill Foods is one of the leading companies in table olives, olive oil, pickles and other delicacies. In the nineteen eighties we started the business by growing our own olive trees on our plantation located on the edge of the "West Sahara Desert". The processing of table olives started at the farm since 1992 under the brand name "Olive Hill". Due to the growing market & demand "Olive Hill" became a separate company in 2002. Today our market extends from the U.S.A in the west to Australia in the east, from Sweden in the north to South Africa in the south. Olive Hill Foods the company certified ISO 22000:2018FSMS, ISO 45001:2018 & FSSC 22000.

International Delta Center for Export

BRIEF

For more than three decades, Int'l Delta Center for Export has been serving their clients. It was established in Qualiubia in 1985, built on many years of experience acquired by working in the field of exporting fresh vegetables.

Our family business helps in holding to our principle of the self-financed development of our company's infrastructure and packing houses. At the beginning, the company had only one packing house for citrus and all kinds of vegetables and fruits .However, after more than thirty years in the business, our company owns its three buildings(packing house for fresh fruits and vegetables /cold store /factory of frozen vegetables and fruits) with capacity reaches 45000MTon an annual basis. The Success we have is owed to our partners all through the way from the Gulf to Canada and Europe to Russia. We have directed all our efforts toward increasing the production output of our products year after year while maintaining the highest standards of quality.

International Co. for Agro Industrial Projects (Beyti)

BRIEF

Beyti is one of the largest producers of milk, juice and yoghurt in Egypt, targeting a market of 100 million consumers and catering to different consumer profiles.

Beyti was established in 1998 with the acquisition of the largest commercial dairy farm in Egypt from the Saudi Group Dallah Al-Baraka. Today, Beyti produces a number of agri-foods products, from 100% natural milk to a variety of spoon able and drinkable yoghurts, as well as cooking and whipping creams, for domestic consumption and export sales.

Our name, the word 'Beyti' in Arabic, has the dual meaning of 'my home' / or 'home-made', reflecting the fact that our products are wholesome and contain no preservatives or any harmful additives. Beyti quality control measures ensure that our products are fresh and natural, making it easy for our customers to maintain a healthy lifestyle.

We first began marketing Beyti-branded milk on the Egyptian market in 2002, using a novel bottle packaging that set us apart from the competition. The success of our dairy line led us to expand into juice in 2007, followed closely by our creams line.

We export to 45 countries in Africa- EU- N.America - Asia.
